# SUSTAINABILITY

At Anthony's Catering, we're dedicated to a sustainable approach in all our operations. Here's what we're doing to minimise our environmental impact:

## **Energy Efficiency:**

- Solar panels power our unit; no gas is used onsite.

## **Waste Reduction:**

- We use disposable biodegradable food boxes, bamboo plates and wooden cutlery, all recyclable.

## **Recycling Initiatives:**

- Comprehensive recycling program in place.
- Used cooking oil is recycled to support biodiesel supplies.

## **Local Sourcing:**

- Prioritise local ingredient sourcing to reduce carbon emissions.

## **Continuous Improvement:**

- We regularly review sustainability initiatives based on the latest eco-friendly practices.
- Employee education fosters a culture of environmental responsibility.

## **Transparency:**

- Communicate updates to customers and stakeholders.
- Value customer feedback to enhance sustainability performance.

Choosing Anthony's Catering means supporting a commitment to sustainability.

We are on a journey towards a greener, responsible catering experience, making a positive impact on the environment and our community.

Thank you for joining us in this endeavour.
