Sevilla International Convention Center (SICC)

The recent extension of the **Sevilla International Convention Center (SICC)** stands out for being diaphanous and versatile. The Gran Sevilla meeting rooms with a surface of 1,024 sqm and the adjacent glazed exhibition area with more than 1200 sqm are located right in front of the river Guadalquivir. Additionally, the SICC counts with a highly versatile meetings space with up to more than 30 breakout rooms if needed.

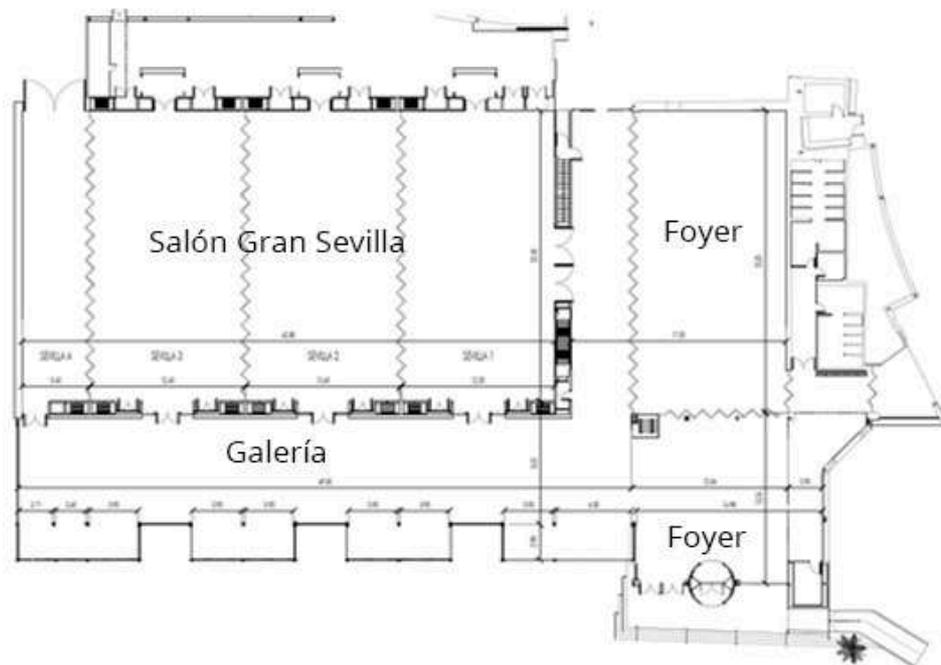

The Hotel offers **complimentary WIFI** as a courtesy to all guests. Internet speed does vary depending on the connections at the same time. Private and secure internet lines can be provided for your event. *Please do not hesitate to consult a quotation if this service is required.*

Floor plan

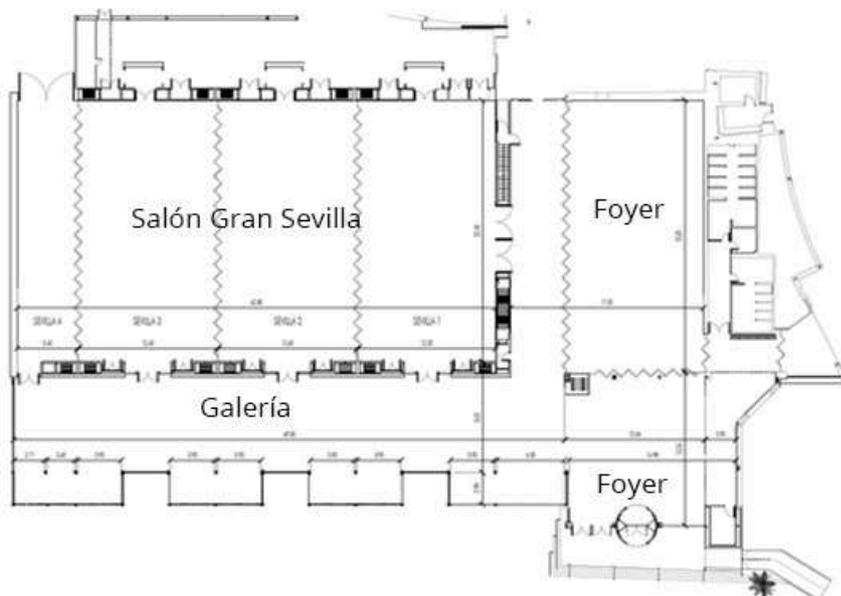

Gran Sevilla room

This spacious and large meeting room with 1,024 sqm can be divided, thanks to its insulation panels, into 3 independent rooms to host any kind of meeting.

Galeria & Foyer

Galeria & Foyer is the glazing area with 1,200 sqm located just around the Gran Sevilla room. It is the perfect space for exhibitions and F&B services.

España rooms

The España rooms are located on the ground floor of Atrium III. There are 5 rooms with different capacities, specially indicated for small meetings, symposiums or breakout rooms.

España 1

España 2

España 3

España 5

Andalucía rooms

The Andalucía rooms are located on the main floor of Atrium III. There are 10 rooms in total, 8 of them with an area of 71 sqm each, and some of them with the flexibility to be opened up to accommodate larger numbers.

The other two rooms are best used for small breakout rooms or offices.

Andalucía room (2 modules)

Andalucía rooms (8 rooms)

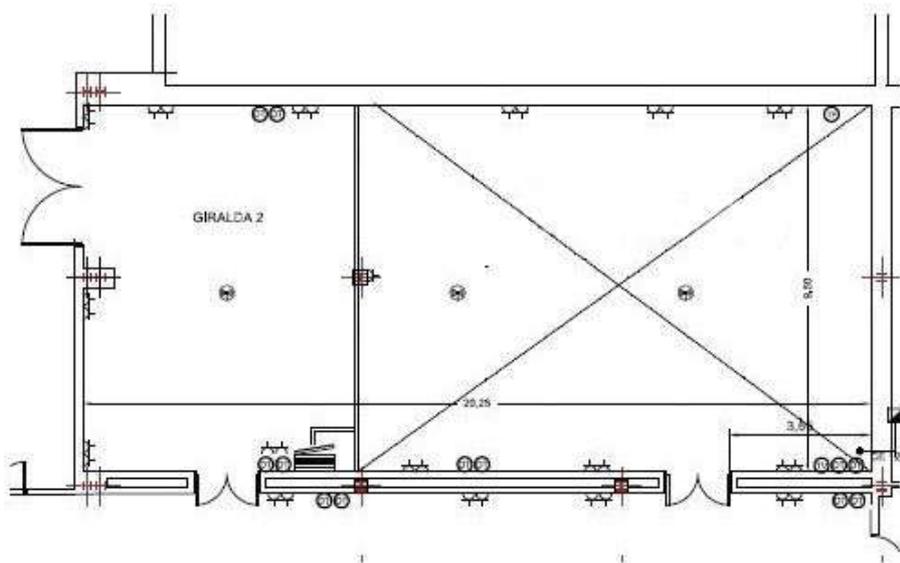

Andalucía rooms 9+10

Giralda room

Giralda room is located on the ground floor close to Atrium III and can be divided into two independent rooms.

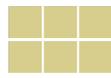

Triana rooms

Triana rooms are located on the main floor of the hotel, just between Atrium I and Atrium II. These rooms can be divided into 4 rooms, each with its own separate entrance.

120 pax

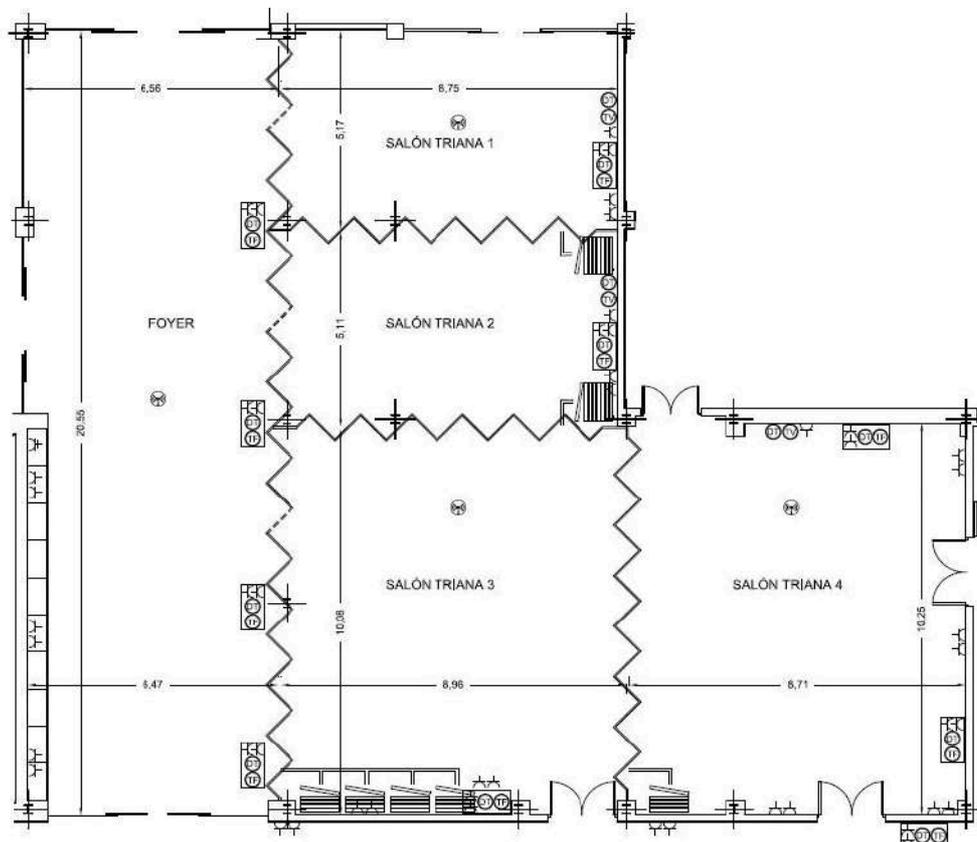

292 pax

200 pax

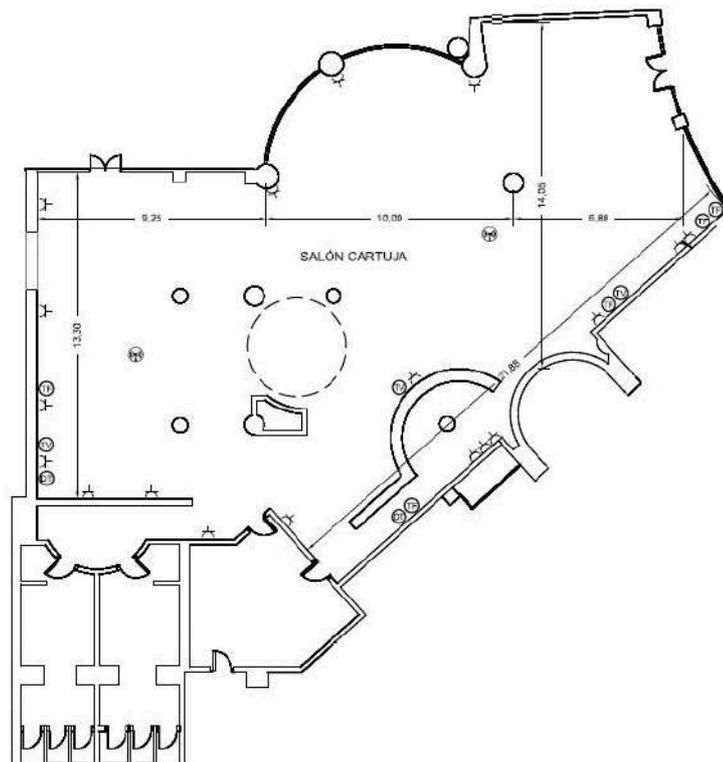

210 pax

Cartuja room

The Cartuja room is located on the main floor of the hotel, close to the lobby.

Atrio I

The Atrio I has 5 meeting rooms with daylight and direct access to the adjacent 10,000 sqm of gardens. The central patio of this Atrio is the ideal place for a product presentation, poster area, special dinners or receptions, thanks to its 480 sqm and its height of 18 metres.

55 pax

Atrio II

An elegant and harmonious space specially dedicated to deliver F&B services. In this area are located the following restaurants:

- Colón Restaurant: for buffet breakfast and private F&B functions up to 330 pax
- Jardín Restaurant: à la carte
- Santa María Gastrobar
- Arrozante Restaurant

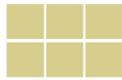

Atrio III

The Atrio III, with 730 sqm and its height of 23 metres, offers 15 sub-commission rooms with different capacities. Its technical ceiling and its dimming system make it possible to transform it into a totally open plenary room. Like Atrio I, this Atrio is ideal if you need to customise it exclusively with your product or brand.

350 pax

Heliópolis room

Outdoor spaces

Gardens

The hotel is completely surrounded by 10,000 sqm of amazing gardens with direct access from the Atriums and the Galeria.

Swimming pool

The hotel boasts a semi-covered heated swimming pool with solarium (open all year round) and an outdoor swimming pool with sun loungers and a children's pool. The pool area is a charming space for unique social events with a reception or banquet service.

Dream in our **rooms**

The Barceló Sevilla Renacimiento offers **295 spacious and light-filled rooms**, caring for every detail to fulfill your needs during the stay. Please, come in...

We offer the following types of rooms:

- 276 Deluxe Premium
- 12 Junior Suites
- 7 Suites

Deluxe Premium

With all the comforts, the Deluxe Premium rooms also feature a new design and even more services. They have a 1.6 m sofa, Bluetooth door access control, exclusive amenities and late check out until 15.00h (subject to availability). Additionally, this room includes free access to our Premium Level room. These rooms can accommodate up to 3 people.

Junior Suite Deluxe Premium

Our Deluxe Family Suite features an original design and exquisite decor. With a generous surface area of 50 sqm, this room provides an excellent atmosphere of well-being and comfort for its guests. The room is divided into a sleeping area with an extra large double bed and a living area with a sofa bed. You will find all the comforts you need, such as the ability to control access to your room, exclusive amenities and late check-out until 15.00h (subject to availability). Additionally, this room includes free access to our Premium Level room. These rooms can accommodate up to 4 people.

Suite

These magnificent rooms cover 80 sqm of space and have a bedroom, a living room with a reading area and a dressing area, all of which are independent. They are spaces designed in a modern, elegant style, with high-quality wooden furniture. You can enjoy the good year-round weather that is typical of Seville on the suite's private patio, which is accessible from both parts of the room. They are all fully equipped. Additionally, this room includes free access to our Premium Level room. These rooms can accommodate up to 4 people.

Some clients who have placed their trust in us

European Society for Photodynamic Therapy (EURO-PDT)

Association Aeronautique et Astronautique de France (3AF)

European Association of Veterinary Laboratory Diagnosticians (EAVLD)

European Federation of Corrosion (EFC)

Environmental responsibility

- The hotel has 10,000 sqm of gardens, contributing to a CO2 reduction
- Highly efficient gas-fired hot water system requiring less energy consumption
- Selective collection of waste for recycling. Recycling of paper into recycled paper
- Reuse of "non-drinking" water for garden irrigation, extracted from a well. Waste water is sent to the municipal water treatment plant. Water-saving devices on toilets
- Conservation of electricity by managing peak and off-peak consumption times
- Staff participation in training sessions on "Recycling and Good Practices in Sustainability"
- Use of environmentally friendly biodegradable detergents and 100% natural room amenities
- Use of energy-saving light bulbs. Motion detectors to reduce energy and turn on lights only when necessary
- Collection of fats, oils and grease by a recycling service against receipt issued by the Ministry of Environment certifying their safe disposal
